

Georgaras Spyridon, FEBO, MD
Eye Surgeon

Academics

- Graduate of Medical School of National University of Athens 1973
- Specialty in Ophthalmology 1979
- Doctorate Essay 1980
- Fellow of the European Board of Ophthalmologists –FEBO
of the Union Europeene des Mediciens Specialistes –UEMS 2000
- Professor (Gastprofessor der Universitaet Leipzig)
at Leipzig University, Germany 4/2001 - 4/2010

Professional Experience

- Founder and General Manager of “OPHTHALMOS Research and Therapeutic Institute” since 1985
- Founder and General Manager of the Eye Center "Hygeia-OPHTHALMOS", since 1992
- Director of A' Eye Clinic, Hygeia Hospital

Member of

- Hellenic Society of Intraocular Implant and Refractive Surgery (HSIOIRS)
First founding Member and President
- Hellenic Society of Regenerative Medicine, Anti-Aging and Bio-Technology
First founding Member, General Secretary, first President
- SouthEastern European Society of Cataract and Refractive Surgery (SESCRS)
Founding Member, f. President
- Panhellenic Society of Specialized Ophthalmologists (PEEO)
F. President
- Hellenic Ophthalmological Society (EOE)
- Panhellenic Ophthalmological Society (ΠΟΕ)
- Hellenic Cornea Society
Founding Member
- European Society of Cataract and Refractive Surgeons (ESCRS)
f. Member of Board of Directors
- European Board of Ophthalmologists (EBO) of the Union Europeene des Mediciens
Specialistes (UEMS)
f. Member of Board of Directors
f. President of Continuing Education Committee
f. Member of the Reviewing Committee of European Ophthalmological
Centers
- German Ophthalmology Society -Deutsche Ophthalmologische Gesselshaft (DOG)
- American Academy of Ophthalmology (AAO)
- American Society of Cataract and Refractive Surgeons (ASCRS)
- International Society of Refractive Surgery (ISRS)

- International Intraocular Implant Club (IIIC)
 - the only Greek member
 - Fyodorov Foundation
 - Barraquer Institute, Spain
 - International Cornea Society
 - International Ocular Inflammation Society

Member of Review Committee of

"Ophthalmosurgery News" of the Hellenic Society of Intraocular Implant and Refractive Surgery (HSIOIRS)

Clinical interest

- Cataract – Glaucoma Surgery – Cornea transplantations
- Anterior Chamber Combined surgery
- Refractive Surgery and LASER for Myopia, Hyperopia, Astigmatism, Presbyopia
- Artificial Cornea Transplantations
- Strabismus
- Paedo-Ophthalmosurgery

Research interest

- Combined types of energy during cataract surgery
- New types of intraocular lenses
- Low vision
- Electrostimulation therapy (Okustim) in Retinitis Pigmentosa
- Sports vision
- New diagnostic and therapeutic approaches, as well as new surgery techniques on
- glaucoma
- Tele-medicine in Ophthalmology
- Regenerative Medicine, gene therapy, stem cells
- Participation in the Research Program of Special Transplantation Society at
- "Dimokritos" Research Center
- Medical Tourism in Ophthalmology

Titles & Awards

- President of the Hellenic Society of Intraocular Implant and Refractive Surgery (HSIOIRS)
- President of the "Svyatoslav Fyodorov" International Foundation
- f. International Representative of the International Society of Refractive Surgery (I.S.R.S.)
- f. Member of the Board of Directors of the European Board of Ophthalmologists (EBO) of the Union Europeene des Mediciens Specialistes (UEMS) 2001-2004

- The Hellenic Society of Intraocular Implant and Refractive Surgery (HSIOIRS) has granted the annual "Spyros Georgaras Scholarship" for training of young ophthalmologies, since 2007
- Recipient of the 1st Charles Kelman Award of HSIOIRS, 1999
- Recipient of the Fyodorov Award of Fyodorov Microsurgery Institute of Moscow, 1983
- Recipient of the Golden Award of the Indian Ophthalmological Society, 2003
- Recipient of the Award of the Croatian Ophthalmological Society, 2005
- Recipient of the Award of the Serbian Ophthalmological Society, 2015

Publications

- Participation as co-author in "Phako, Phakonit, LASER Phako: A Quest for the Best"
A. Agarwal
- Participation as co-author "Phacoemulsification Principles and Techniques" -
L. Buratto
